(Department of Heavy Industries)

RESOLUTION*New Delhi, the 18th July 1963*

No ME Ind 3(1)/62—With a view to considering the development of Poultry Farm Equipment in India, the Government of India Ministry of Commerce and Industry appointed a Committee in January 1962 to review the progress so far made in the manufacture of such equipment and to make recommendations to Government on the programmes of manufacture to be undertaken in the existing engineering units and in new units so as to make the country self-sufficient in this line in the next two years or so

2 The constitution of the Committee was

Chairman

- 1 Shri Kishan Chand Joint Secretary, Ministry of Food and Agriculture (Department of Agriculture)

Members

- 2 Shri S. K. Sinha, Development Officer Development Wing Ministry of Commerce and Industry, New Delhi
- 3 Shri A. Venkatesiah, Development Officer, Development Wing Ministry of Commerce and Industry New Delhi

Member Secretary

- 4 Dr. Tulsa Ram, Poultry Development Officer Ministry of Food and Agriculture (Department of Agriculture)

3 The Committee has estimated that the production of eggs will have to be raised to 100,000 million eggs by the end of 1980-81 against the existing production of 2880 millions. For this purpose they consider that it will be necessary to develop the manufacture of poultry equipment on modern lines

4 The Committee's recommendations for achieving the objectives are as follows—

I Technical know how

- (1) A few selected firms should be permitted to import samples of highly specialised equipment purely for fabrication purposes
- (2) Government should sponsor one or two foreign collaboration programmes for the manufacture of mammoth incubators above 5000 egg capacity with automatic control system poultry processing equipment poultry feed manufacturing equipment, fillers and flats automatic feeding and watering equipment etc
- (3) Government should arrange for the assignment of a Poultry Equipment Production Engineer under foreign aid programmes

II Regulation of imports

- (1) In the initial stages which may extend to five years the Indian manufacturers may be allowed to import components ranging from 10 to 30 per cent
- (2) Import of incubators of 5000 egg capacity and above should not be controlled. The import of smaller incubators may, however be banned
- (3) The Ministry of Food and Agriculture (Deptt of Agriculture) may collect and coordinate from time to time the demands of the State Governments including Union Territories etc as also from manufacturing firms in respect of foreign exchange requirement. A separate ceiling may be allotted to that Ministry for the purpose

III Standardisation.

- (1) There is no need for Government control and supervision over the technical programme of manufacturing firms. There is, however a need for checking the quality of material used to ensure that it is according to standards and specifications
- (2) The standardisation of poultry equipment and laying down specifications for the same should be undertaken at Government level. The Ministry of Food and Agriculture may consider the desirability of setting up of a Committee in collaboration with the Indian Standards Institution for this purpose.

(3) A few incubators manufactured by each firm should be tested firstly for the quality of the materials and parts used. Subsequently they should be run for two consecutive hatches

(4) The Ministry of Food and Agriculture should arrange to provide facilities for such trial tests at the Regional Poultry Farms and also at the State Poultry Farms

(5) The inspection and testing of the material used in the manufacture of the equipment may be carried out by the Industries Departments in the States in Collaboration with the State Poultry Development Officers

(6) All facilities provided to the fabricators of agricultural implements by way of priority allotment and movement of raw materials etc should be extended to manufacturers of poultry equipment

(7) For the manufacture of poultry equipment in general and the fabrication of its components in particular, raw materials like iron and steel GI sheets and wire, aluminium sheets, asbestos sheets, sheet steel, zinc sheets, black sheets etc should be released to the manufacturers at controlled rates

IV Assistance to Manufacturers

- (1) All requests for loan assistance from poultry equipment manufacturers may be sympathetically considered by the State Industries Department and the Industrial Finance Corporation.
- (2) The Ministry of Food and Agriculture may also consider providing loans for this purpose, if necessary
- (3) Requests for facilities by way of land, work sheds, supply of electricity etc may be considered sympathetically by the authorities concerned
- (4) Firms interested in manufacture of poultry equipment especially incubators should be encouraged to register with the Directors of Industries in the States for the purposes of obtaining facilities normally available to small scale industries viz (a) technical assistance from the Small Industry Services Institute (b) land and electric power (c) supply of machinery under hire purchase system (d) allotment of factory sheds in the industrial estates (e) financial assistance (f) assistance for supply of raw material at controlled rates (g) essentiality certificate for import of raw material and components, and (h) facilities for commercial and marketing services

V Miscellaneous

- (1) The Committee have suggested that steps should be taken to improve and stabilise the existing demand for poultry equipment required by Government Departments
- (2) The Ministry of Food and Agriculture may impress upon the State Governments the need for development of poultry farming on modern lines in both rural and urban areas in an intensive and integrated manner. That Ministry may also arrange for the preparation of suitable leaflets describing the usefulness of various types of poultry equipment either through the Directorate of Extension and Training or through the concerned departments in the States for free distribution purposes
- (3) For an exchange of ideas among themselves, the manufacturers of poultry equipment may be invited to the annual conference of poultry breeders which is held in conjunction with the All India Cattle and Poultry Shows

5 Government have accepted these recommendations in principle. Steps will be taken to implement them as far as possible

6 Government wish to place on record their appreciation of the valuable work done by the Committee

सकल्प

नई दिल्ली, 17 जून, 1963

क्रमांक एस० सी (सी)-2(67)/62.—सरकार ने 7 गितम्बर, 1962 के सकल्प सख्या एस० सी (सी)-2(27)/62 में कहा था कि 1960—62 की अवधि के लिए निर्धारित इस्पात के अधिधारण मूल्य (रिपोर्टन प्राइस) अस्थाई रूप से 1 अप्रैल, 1962, के बाद भी लागू रहने चाहिए, बशर्ते कोयले के भाव और रेल भाड़े में वृद्धि के कारण उनमें परिवर्तन आवश्यक न हो।

जनवरी 1963 में सरकार ने कच्चे लोहे और इस्पात के 1960—62 के अधिधारण मूल्य में जून 18, 1962 को एक रुपया प्रतिटन और 1 जुलाई, 1962 से 5 रुपए प्रतिटन की अतिरिक्त वृद्धि की इजाजत दी थी। उत्पादकों ने यह कहा था कि कोयले के भाव और रेल-भाड़े में कानून जो वृद्धि हुई है उसके अलावा लोहा खनिज, चूने के पत्थर और अन्य खनिजों पर रायल्टी बढ़ने, अतिरिक्त वेतन बोर्ड के निर्णय के फलस्वरूप लागत बढ़ गई है। यह विषय विचार के लिए वित्त मंत्रालय की लागत लेखा-शाखा को सांपा गया। लागत लेखा-शाखा ने जाच पूरी करने के बाद अपनी रिपोर्ट दे दी है। इस रिपोर्ट पर सावधानी से विचार करने के बाद सरकार ने फैसला किया है:—

(1) विक्री योग्य इस्पात और कच्चे लोहे के 1960—62 के अधिधारण मूल्य पर प्रतिटन के हिसाब से क्रमशः 6 रुपए प्रतिटन और 10 रुपए प्रतिटन की वृद्धि की अनुमति दे दी जाए। इस वृद्धि में वह वृद्धि भी शामिल है जो पहले की जा चुकी है।

(2) 1 अप्रैल, 1963 से इस्पात पर 8 रुपए प्रतिटन और कच्चे लोहे पर 4 रुपए प्रतिटन वृद्धि की और अनुमति दी जानी चाहिए।

(3) 1 जुलाई, 1963 से इस्पात का अधिधारण मूल्य आपत्कालिक युद्ध बीम के भुगतान के लिए 10 रुपए प्रतिटन और बढ़ा दिया जाना चाहिये। फिर भी इस रकम का प्रत्येक इस्पात कारखाने के वास्तविक आकड़ों के आधार पर समकरण निधि से अंतिम समायोजन किया जाएगा।

आवृत्ति

आवृत्ति है कि इस सकल्प की एक प्रतिलिपि सभी सम्बंधित व्यक्तियों को भेजी जाए। यह भी आवृत्ति है कि यह संकल्प भारत के असाधारण राजपत्र में प्रकाशित किया जाए।
